

SPONSORSHIP PROSPECTUS

2021 Virtual World Congress on Brain Injury

July 28 - 30, 2021

A Global Conference and Meeting of Minds for Adult and Pediatric
Brain Injury Professionals. Jointly sponsored by:

CONGRESS OVERVIEW

Mark your calendars now for the 2021 Virtual World Congress on Brain Injury! This multidisciplinary event will offer a broad and varied program spanning cutting-edge research to practical and applied techniques for improving outcome for persons with brain injury. The conference is a joint initiative of the International Brain Injury Association, ABI Ireland, the International Paediatric Brain Injury Society, the North American Brain Injury Society, PINK Concussions, and the IBIA Special Interest Groups.

The aim of the World Congress on Brain Injury is to provide an opportunity for establishing collegial relationships with international professionals focused on the science of brain injury and/or the care and treatment of persons with acquired brain injury. State-of-the-art research will be presented on assessment, treatment, and international priorities in the field of brain injury research will be discussed. Overall, the Congress seeks to provide didactic opportunities for clinicians interested in advancing their knowledge in brain injury science, medicine and care.

EDUCATIONAL CONTENT

The conference will span an intensive three-day period and will feature internationally-renowned plenary speakers, platform lectures, workshops and panels. In addition, brain injury professionals from around the world will have the opportunity to share their research and clinical findings through the peer-reviewed abstract submission process. All conference participants, sponsors and exhibitors will join the decision-makers and key opinion leaders who are shaping the future of brain injury research, treatment, and rehabilitation worldwide.

WHO WILL ATTEND

Delegates to the World Congress on Brain Injury are comprised of rehabilitation physicians, psychiatrists, psychologists, neurosurgeons, speech pathologists, occupational therapists, physical therapists, social workers, educators, nurses, case managers, advocates, legal professionals and all others committed to improving the outcome of adults and children with traumatic and non-traumatic brain injury.

ABOUT IBIA

Founded in 1993, the International Brain Injury Association (IBIA) was created in response to the growing demand from professionals and advocates throughout the world for collaboration and more information on all aspects of brain injury, from prevention to long-term care.

Today, IBIA works to develop positive relations and interactions between individuals, families, groups, organizations, institutions, diverse cultures and nations. The Association strives to provide international leadership for creative solutions to the issues associated with brain injury.

IBIA is dedicated to the development and support of multidisciplinary medical and clinical professionals, advocates, consumers and others who work to improve outcomes and opportunities for persons with brain injury.

EDUCATIONAL CREDITS

The continuing education activity will be provided through collaboration between International Brain Injury Association (IBIA) and AffinityCE. Currently, we are applying for continuing education credit for physicians, nurses, psychologists, social workers, occupational therapists, physical therapists, rehabilitation counselors, case managers, and speech-language professionals. We expect to have the following types of credits for congress attendees:

- Physicians: Accreditation Council for Continuing Medical Education (ACCME) AMA PRA Category I Credit
- Nurses: American Nurses Credentialing Center (ANCC)
- Case Managers: Commission for Case Manager Certification (CCMC)
- Rehabilitation Counselors: Commission on Rehabilitation Counselor Certification (CRCC)
- Speech Language Professionals: American Speech-Language Hearing Association (ASHA)
- Psychologists: American Psychological Association (APA)
- Occupational Therapists: ACCME Non-Physician CME Credit, Texas PT Association
- Physical Therapists: ACCME Non-Physician CME Credit
- Social Workers: National Association of Social Workers (NASW)
- General Participation Certificate: Provided to other attendees not included above.
